Faxed: **June 6, 2001**

## **FACT SHEET DURANGO DRIVE INTERCHANGE**

- Once completed, the \$11,640,555 interchange on US 95 in Las Vegas will greatly enhance traffic flow within one of the fastest growing areas in Las Vegas.
- The 200-work day project was awarded to Frehner Construction Company and will begin in June 2001 and is expected to be complete in April 2002.
- This is a diamond interchange designed to handle the expanding traffic needs of the area
- Work on detours at Grand Teton Drive and Horse Drive will begin in June with completion in August.
- Both detours will provide acceleration and deceleration lanes to facilitate traffic movement.
- Residents in the area will have the option of using detours at Grand Teton Drive, Horse Drive or Centennial Parkway during construction

### **The new interchange will have:**

- Double left-hand turn movements
- Six travel lanes and two turn lanes on Durango Drive over US 95
- US 95 will remain four traffic lanes north and southbound at the interchange
